TREE Colloquium on 31 October 2019, Bern

Venue: [University of Bern, Unitobler, Lerchenweg 36](), Room F-113

In the presence of the TREE Advisory Board, the colloquium aims at providing a critical overview regarding the body of research available to date which draws on the TREE data. Based on this overview, we aim at identifying research gaps and desiderata for future research.

13:45 - 14:30 (30' presentation, 15' questions/discussion)	(Almost) 20 years of research on the basis of the TREE dataset: a critical overview *Dr Sandra Hupka-Brunner; Dr Thomas Meyer*
14:30 - 15:15 (30' presentation, 15' questions/discussion)	Educational success and the role of educational context: some insights from TREE *Prof Dr Katja Scharenberg, University of Education Freiburg i. Br.*
15:15 - 16:00 (30' presentation, 15' questions/discussion)	The value of the TREE dataset for exploring gender inequality *Dr Benita Combet, Ludwig-Maximilian University, Munich*
16:00 - 16:30	Coffee break
16:30 - 17:00	TREE: Past, present and future contributions to social research in Switzerland and beyond *Prof Dr Christian Imdorf, Leibniz University, Hannover*
17:00 - 17:30/45	Open debate on research gaps and desiderata with regard to TREE (both 1st and 2nd cohort)

Due to restricted space, we kindly ask you to register until Oct. 24 (sending an e-mail to [tree@soz.unibe.ch]())
