Sabine Ebensperger

Session 7 **What Explains Northern vs. Southern Italy's Tax Compliance Gap?**
Gian Luca Pasin

Learning to be taxed fairly? Preferences for redistribution and status quo bias
Fabian Kalleitner

12:30 Farewell

Poster Session

Cash vs. Vouchers vs. Gifts in Web Surveys of a Mature Panel Study—Main Effects in a Long-Term Incentives Experiment across Three Panel Waves

Rolf Becker, Sara Möser and David Glauser (University of Bern, Switzerland)

Not by design alone. Statistical adjustment is needed for unbiased test statistic of the average treatment effect in randomized controlled trials with hierarchical sample data

Lukas Bösch (University of Leipzig, Germany)

Social Value Orientation and Learning in Repeated Step-Level Public Goods Games: An Experimental Investigation

Loes Bouman (University of Milano, Italy) and Jacob Dijkstra (University of Groningen, The Netherlands)

Statistical versus status theories of discrimination

William Foley, Klarita Gërkhani, and Arnout van de Rijt (European University Institute, Italy)

Social pressure and conformity: The role of monetary incentives in the Asch situation

Axel Franzen and Sebastian Mader (University of Bern, Switzerland)

Media discrimination, gender and political representation: The reactance effect in a lab experiment on political ambition

Amanda Haraldsson (European University Institute, Italy)

The Association between Perceived and Actual Discrimination

Judith Kas (WZB, Germany) and Merlin Schaeffer (University of Copenhagen, Denmark)

Men's Gender Equality Narratives as Strategic Tools for Status Attainment

Katharine Khanna (Columbia University, USA)

Large and Persistent Effects of Green Energy Defaults. An Intervention study with more than 200'000 Households and Businesses

Ulf Liebe (University of Warwick), Jennifer Gewinner (ETH Zurich, Switzerland), Andreas Diekmann ETH and University of Leipzig, Germany)

Who should get what? The Legitimacy of the Immigrant Wage Gap from a Multifactorial Survey Experiment in Germany

Elias Naumann and Marvin Brinkmann (MZES and University of Mannheim, Germany)

Higher Education Dropouts, Employers, and Labor Market Integration in Germany

Martin Neugebauer (Freie Universität Berlin, Germany) and Annabell Daniel (DIPF - Leibniz Institute for Research and Information in Education, Germany)

A matter of fairness? Willingness to pay for domestic work in Germany – Evidence from a dictator game within a factorial survey experiment

Natascha Nisic, Miriam Trübner, Friederike Molitor; (University of Mainz, Germany)

No Evidence of Increased Discrimination During the Covid-19 Pandemic

Didier Ruedin (University of Neuchâtel, Switzerland), Daniel Auer (WZB Berlin, Germany), and Eva Van Belle (University of Neuchâtel, Switzerland)

Attitudes Towards a Net Wealth Tax

Manuel Schechtel and Daria Tisch (Humboldt-Universität zu Berlin, Germany)

Modelling the decision of feigning symptoms to obtain a prescription stimulant prescription.

Floris van Veen (University of Erfurt, Germany); Sebastian Sattler (University of Cologne, Germany) Guido Mehlkop (University of Erfurt, Germany) and Fabian Hasselhorn (University of Cologne, Germany)

Implementing concepts from analytical sociology into an agent-based model
